*G. Griffin provided an overview of the region's participation in NCHRP 3-70, which included multimodal level-of-service analysis of sections of Guadalupe Street, Manor Road, and Manchaca Road in Austin. Results were generally consistent with expectations, and the tool offers a new opportunity for efficient multi-modal analysis of roadways.*

#### **2. Public Involvement Update on People, Planning and Preparing for the Future: Your 25 Year Transportation Plan**

Completed and current public involvement techniques for the long range plan update will be discussed.
