

# TRANSPORTATION POLICY BOARD WORKSHOP

Wednesday, May 27, 2020

2:00 p.m.

**Held remotely online and by phone in accordance with local and state Stay at Home Orders**

**Livestream at: [www.campotexas.org](http://www.campotexas.org)**

## AGENDA

PURSUANT TO SECTION 551.127 OF THE TEXAS GOVERNMENT CODE, AND IN CONJUNCTION WITH THE GUIDANCE AND PROVISIONS PROVIDED BY THE GOVERNOR OF TEXAS IN THE DECLARATION OF DISASTER ENACTED MARCH 13, 2020, MEMBERS OF THE TRANSPORTATION POLICY BOARD MAY BE PARTICIPATING REMOTELY IN COMPLIANCE WITH THE TEXAS OPEN MEETINGS ACT, AS TEMPORARILY MODIFIED BY THE GOVERNOR, AND POLICY BOARD BYLAWS.

1. Public Comments

*Individuals wishing to speak during Public Comments must contact the CAMPO office via email at [TPBcomments@campotexas.org](mailto:TPBcomments@campotexas.org) or call 512-215-9351 by 1:00 p.m., Wednesday, May 27, 2020. A confirmation email or call will be sent with information on how to offer comments. Speakers must adhere to the three (3) minute time limit.*

This is an opportunity for the public to address the Transportation Policy Board concerning an issue of community interest that is not on the agenda. Comments on a specific agenda item must be made when the agenda item comes before the Board. The Chair may place a time limit on all comments. Any deliberation of an issue raised during Public Comments is limited to a statement of fact regarding the item; a statement concerning the policy regarding the item or a proposal to place the item on a future agenda.

2. [Discussion on Maintain and Defer Project List Related to IH 35 Capital Express Funding](#)

..... CAMPO & TxDOT  
*CAMPO and TxDOT – Austin District will present and facilitate discussion on the draft maintain and defer project list for IH-35 funding.*

3. Chair Announcements .....Commissioner Cynthia Long

4. Announcements

- a. Next Transportation Policy Board Meeting, June 8, 2020 – 2:00 p.m.
- b. Next Technical Advisory Committee Meeting, June 22, 2020 – 2:00 p.m.

5. Adjournment

**Persons with Disabilities:**

*Upon request, reasonable accommodations are provided. Please call 512-215-8225 at least three (3) business days prior to the workshop to arrange for assistance.*

## Overview

On April 30, 2020, the Texas Transportation Commission (TTC) updated the Unified Transportation Plan (UTP) to facilitate the development and implementation of the central portion of the IH-35 Capital Express Project, which has an estimated \$4.9 billion construction cost. The TTC action reduced the unfunded portion of the project from \$4.34 billion to \$934 million.

To address the \$934 million funding gap, the Texas Department of Transportation (TxDOT) is requesting the reprioritization of more than \$633 million in currently funded projects in the Capital Area Metropolitan Planning Organization's (CAMPO) six-county region and the TxDOT-Austin District. Additionally, the TTC intends to contribute additional funding in the next UTP update.

To accommodate the \$633 million reprioritization, CAMPO staff has worked closely with the TxDOT-Austin District to develop a process to identify currently funded projects to be deferred until additional funding becomes available from state and federal sources. CAMPO is responsible for developing the process and approval of projects with Category 7 – Surface Transportation Block Grant (STBG) funding. The TxDOT-Austin District is responsible for the process and approval of projects with Category 2 - Metropolitan and Urban Area Corridor Projects, Category 4 - Statewide Connectivity Corridor Projects, and Category 12 - Strategic Priority funding.

## Background

The I-35 Capital Express Program comprises three separate projects (North, Central and South). The North project proposes to add one non-tolled managed lane in each direction along I-35 from SH 45 North to US 290 East. The South project proposes to add two non-tolled managed lanes in each direction along I-35 from SH 71/Ben White Boulevard to SH 45 Southeast.

The I-35 Capital Express Central project proposes to add two non-tolled managed lanes in each direction along I-35 from US 290 East to SH 71/Ben White Boulevard. Managed lanes are proposed in high-congestion areas where right of way is limited. These lanes are designed to provide a less congested route than adjacent general-purpose lanes during peak periods for qualifying vehicles. Managed lanes control access by placing restrictions on use. TxDOT is evaluating a variety of design options to add the non-tolled managed lanes. The project also includes additional safety and mobility improvements.

## Schedule

Date	Item
2/27/2020	Texas Transportation Commission – UTP Update Discussion
3/16/2020	Initial List Developed and Sponsor Feedback Received
4/6/2020	Transportation Policy Board Regular Meeting
4/20/2020	Transportation Policy Board Special Meeting – Reprioritization Discussion
4/20/2020	Project Call Announcement for Unscored Category 7 Projects.
4/23/2020	Sponsor Webinar for Project Call
4/30/2020	Application Due Date
4/30/2020	Texas Transportation Commission - UTP Update Approval
5/1 – 5/20	Category 7 Project Application Evaluation Period
5/20/2020	Funding Report
5/27/2020	Transportation Policy Board Workshop – Reprioritization Discussion
5/28/2020	Community Outreach - Open House
5/29/2020	Community Outreach - Open House
6/8/2020	Transportation Policy Board Regular Meeting – Reprioritization Approval

## Category 7 Evaluation Process (CAMPO)

### Initial List Development

The Capital Area Metropolitan Planning Organization (CAMPO) is responsible for the allocation of Category 7 -Surface Transportation Block Grant (STBG) funding. To begin the process of creating the initial draft list of Category 7 projects to defer and maintain, the Capital Area Metropolitan Planning Organization (CAMPO) staff, in consultation and coordination with the Texas Department of Transportation - Austin District, focused on the development lifecycle of federally funded projects. Using information from state and federal databases, local sponsors, and internal records, staff compiled a list of all currently active Category 7 funded projects to assess the development stage of each project. The following factors were considered in the development of the initial list:

**Project Age:** Project age was considered, with older projects placed on the defer funding list due their inability to let in a reasonable amount of time because of outstanding development issues.

**Advanced Funding Agreement:** Projects without an Advanced Funding Agreement were considered for the defer funding list. Additionally, projects that had an executed AFA but not a Federal Project Authorization Agreement (FPAA) and federal obligation were considered for deferral

**Federal Project Authorization Agreement:** Projects that did not have a Federal Project Authorization Agreement (FPAA) and federal obligation were considered for deferral.

**Scheduled Let Date and Current Phase:** Projects that are in the early stages of the development process such as design, public involvement, and right-of-way acquisition or which have an anticipated let date in later years were considered for the defer funding list as sponsors can still move forward with the early stages of development with minimal impact from deferment.

**Sponsor Feedback:** The preliminary draft Category 7 list, along with TxDOT's Category 2, 4 and 12 lists, were shared with affected sponsors to review and provide comments on their projects by March 16th, 2020. Project feedback was received from the cities of Cedar Park and Round Rock and the City of Austin provided executed AFAs. CAMPO and TxDOT staff held conference calls with Travis County staff on March 30, 2020, and with City of Austin staff on March 31, 2020, to explain methodology, answer questions, and seek additional feedback in refining the lists. In addition to these meetings with the staff, CAMPO continued to received feedback from sponsors regarding specific projects.

**Special Circumstances:** Projects with special circumstances such as a commitment as part of the TPB's action in 2019 advancing the IH 35 reconstruction or a unique situation such as the Kyle Siding Project where Union Pacific is conducting the work, were placed on the maintain funding list.

## Current List Development

At the March 20 ,2020 the Transportation Policy Board (TPB) discussed the initial draft list and requested that any projects funded with Surface Transportation Block Grant (STBG)-Category 7 funding be scored through the most current Project Selection Criteria so that the TPB may use this process to help prioritize and facilitate the defer and maintain decision.

The Capital Area Metropolitan Planning Organization (CAMPO) staff identified 11 currently active projects with Category 7 funding that had not undergone the most recent project evaluation process and reached out to the affected sponsors and requested they submit project applications for the identified projects. CAMPO received ten applications (six active transportation, three roadway, and one transportation demand management). The projects were evaluated and scored as if they had been submitted in the most recent project call. The results are listed in the current Category 7 listings by Category. The newly scored projects are identified in **orange** in the category lists provided. CAMPO will be reaching out to sponsors to provide feedback on the scoring process as requested.

With the Texas Department of Transportation (TxDOT) Austin District identifying \$434,496,109.00 in currently funded projects to defer, the Transportation Policy Board must identify \$155,944,67.40 out of the \$354,448,548.25 in currently funded Category 7 projects under consideration to maintain, 44 percent of the total available projects, in order to meet the \$633,000,000.00 funding target for the IH-35 Capital Express Project.

Using the category rankings, staff identified projects to **maintain**, **partial funding available** or **fully defer** on a percentage basis to meet the overall maintain goal. Staff began by applying the unranked Other/Study Category (see note) maintain and defer decisions to the total goal. Once applied, staff calculated that 41.38 (Maintain) and a 58.62 (Defer) percentage needed to be applied to the remaining Categories to meet the goal. The percentages were applied equally among the categories and to the projects by ranking from highest to lowest with partial funding amounts identified for projects on the cutoff line. The results are summarized in the table below. The individual categories and project listings are available in the next section and available spreadsheet.

Category	Total Available	Maintain Amount		Defer Amount	
<b>Roadway (1)</b>	\$292,198,881.25	\$120,907,443.95	41.38%	\$171,291,437.30	58.62%
<b>ITS (2)</b>	\$19,880,000.00	\$8,226,041.03	41.38%	\$11,653,958.97	58.62%
<b>Active Transportation (3)</b>	\$15,934,654.50	\$6,593,517.19	41.38%	\$9,341,137.31	58.62%
<b>TDM (4)</b>	\$498,720.00	\$206,362.74	41.38%	\$292,357.26	58.62%
<b>Totals (1-4)</b>	<b>\$328,512,255.75</b>	<b>\$135,933,364.90</b>	<b>41.38%</b>	<b>\$192,578,890.85</b>	<b>58.62%</b>
<b>Other-Study (5)</b>	\$25,936,292.50	\$20,011,292.50	77.16%	\$5,925,000.00	22.84%
<b>Totals (1 through 5)</b>	<b>\$354,448,548.25</b>	<b>\$155,944,657.40</b>	<b>44%</b>	<b>\$198,503,890.85</b>	<b>56%</b>

**Note on the Other/Study Category:**

The Other/Study Category consists of projects that did not receive a numeric score. Projects submitted under this category were evaluated in the 2018 process and given a yes/no recommendation based on the materials provided. Additionally, two projects that were not submitted in 2018 or 2020 are listed here. Unless special circumstances applied (see notes in table) these projects were deferred.

## Category 2, 4, 12 Evaluation Process (TxDOT)

The Texas Department of Transportation is responsible for the selection and allocation of Category 2, 4 and 12 funding. The TxDOT-Austin District developed the initial list of Category 2, 4 and 12 funding to maintain and defer, with the following factors considered in the development of the list:

**Local Funding:** Projects that had local funding for construction (voluntary), over and above what is required for local match in specific phases were placed on the maintain funding list.

**Connection:** Projects that were connected to ones with local construction funding and need to be let together were placed on the maintain funding list.

**ITS Projects:** ITS projects were placed on the defer funding list due to being supplemental to the infrastructure. TxDOT did not want to pursue ITS construction that may need to be removed or abandoned in the near future when the roadway project was built.

**Project Readiness:** Project readiness was also considered. Some of the projects on the defer list still need time to engage the public, finalize schematic/environmental, and acquire large number of right of way parcels. We still have time to secure funding for those at a later date.

This preliminary Category 2, 4 and 12 list, along with CAMPO's initial Category 7 list, were shared with the Transportation Policy Board and feedback was requested. After receiving comments from the cities of Austin, Cedar Park, and Round Rock, opportunities were available to adjust the Category 2, 4 and 12 list. As listed below:

- Moved 3417-02-030 FM 734 Parmer Lane from maintain to defer list. This was based on willingness of Cedar Park to defer.
- Moved 0265-01-119 and 0265-02-036 from defer to maintain list. These are companion projects to construct a grade separation overpass on SH 71 at Ross and Kellam Roads. This was based on it being a priority safety and congestion relief project for Travis County, and project readiness in that it is scheduled to be let in June 2020.
- Moved 1539-02-026 FM 1626 from defer to maintain list. This was based on it being a priority congestion relief project for Travis County, and project readiness in that it is scheduled to be let in July 2020.
- Moved 0337-01-043 SH 29 from defer to maintain list. This was based on it being a priority safety project for Williamson County, and project readiness in it is scheduled to Let in August 2020.

## **Category 2, 4, 12 - General Project List (TxDOT)**

## Category 2, 4, 12 – General Project List (TxDOT)
