

CAMPO 101

What is CAMPO?

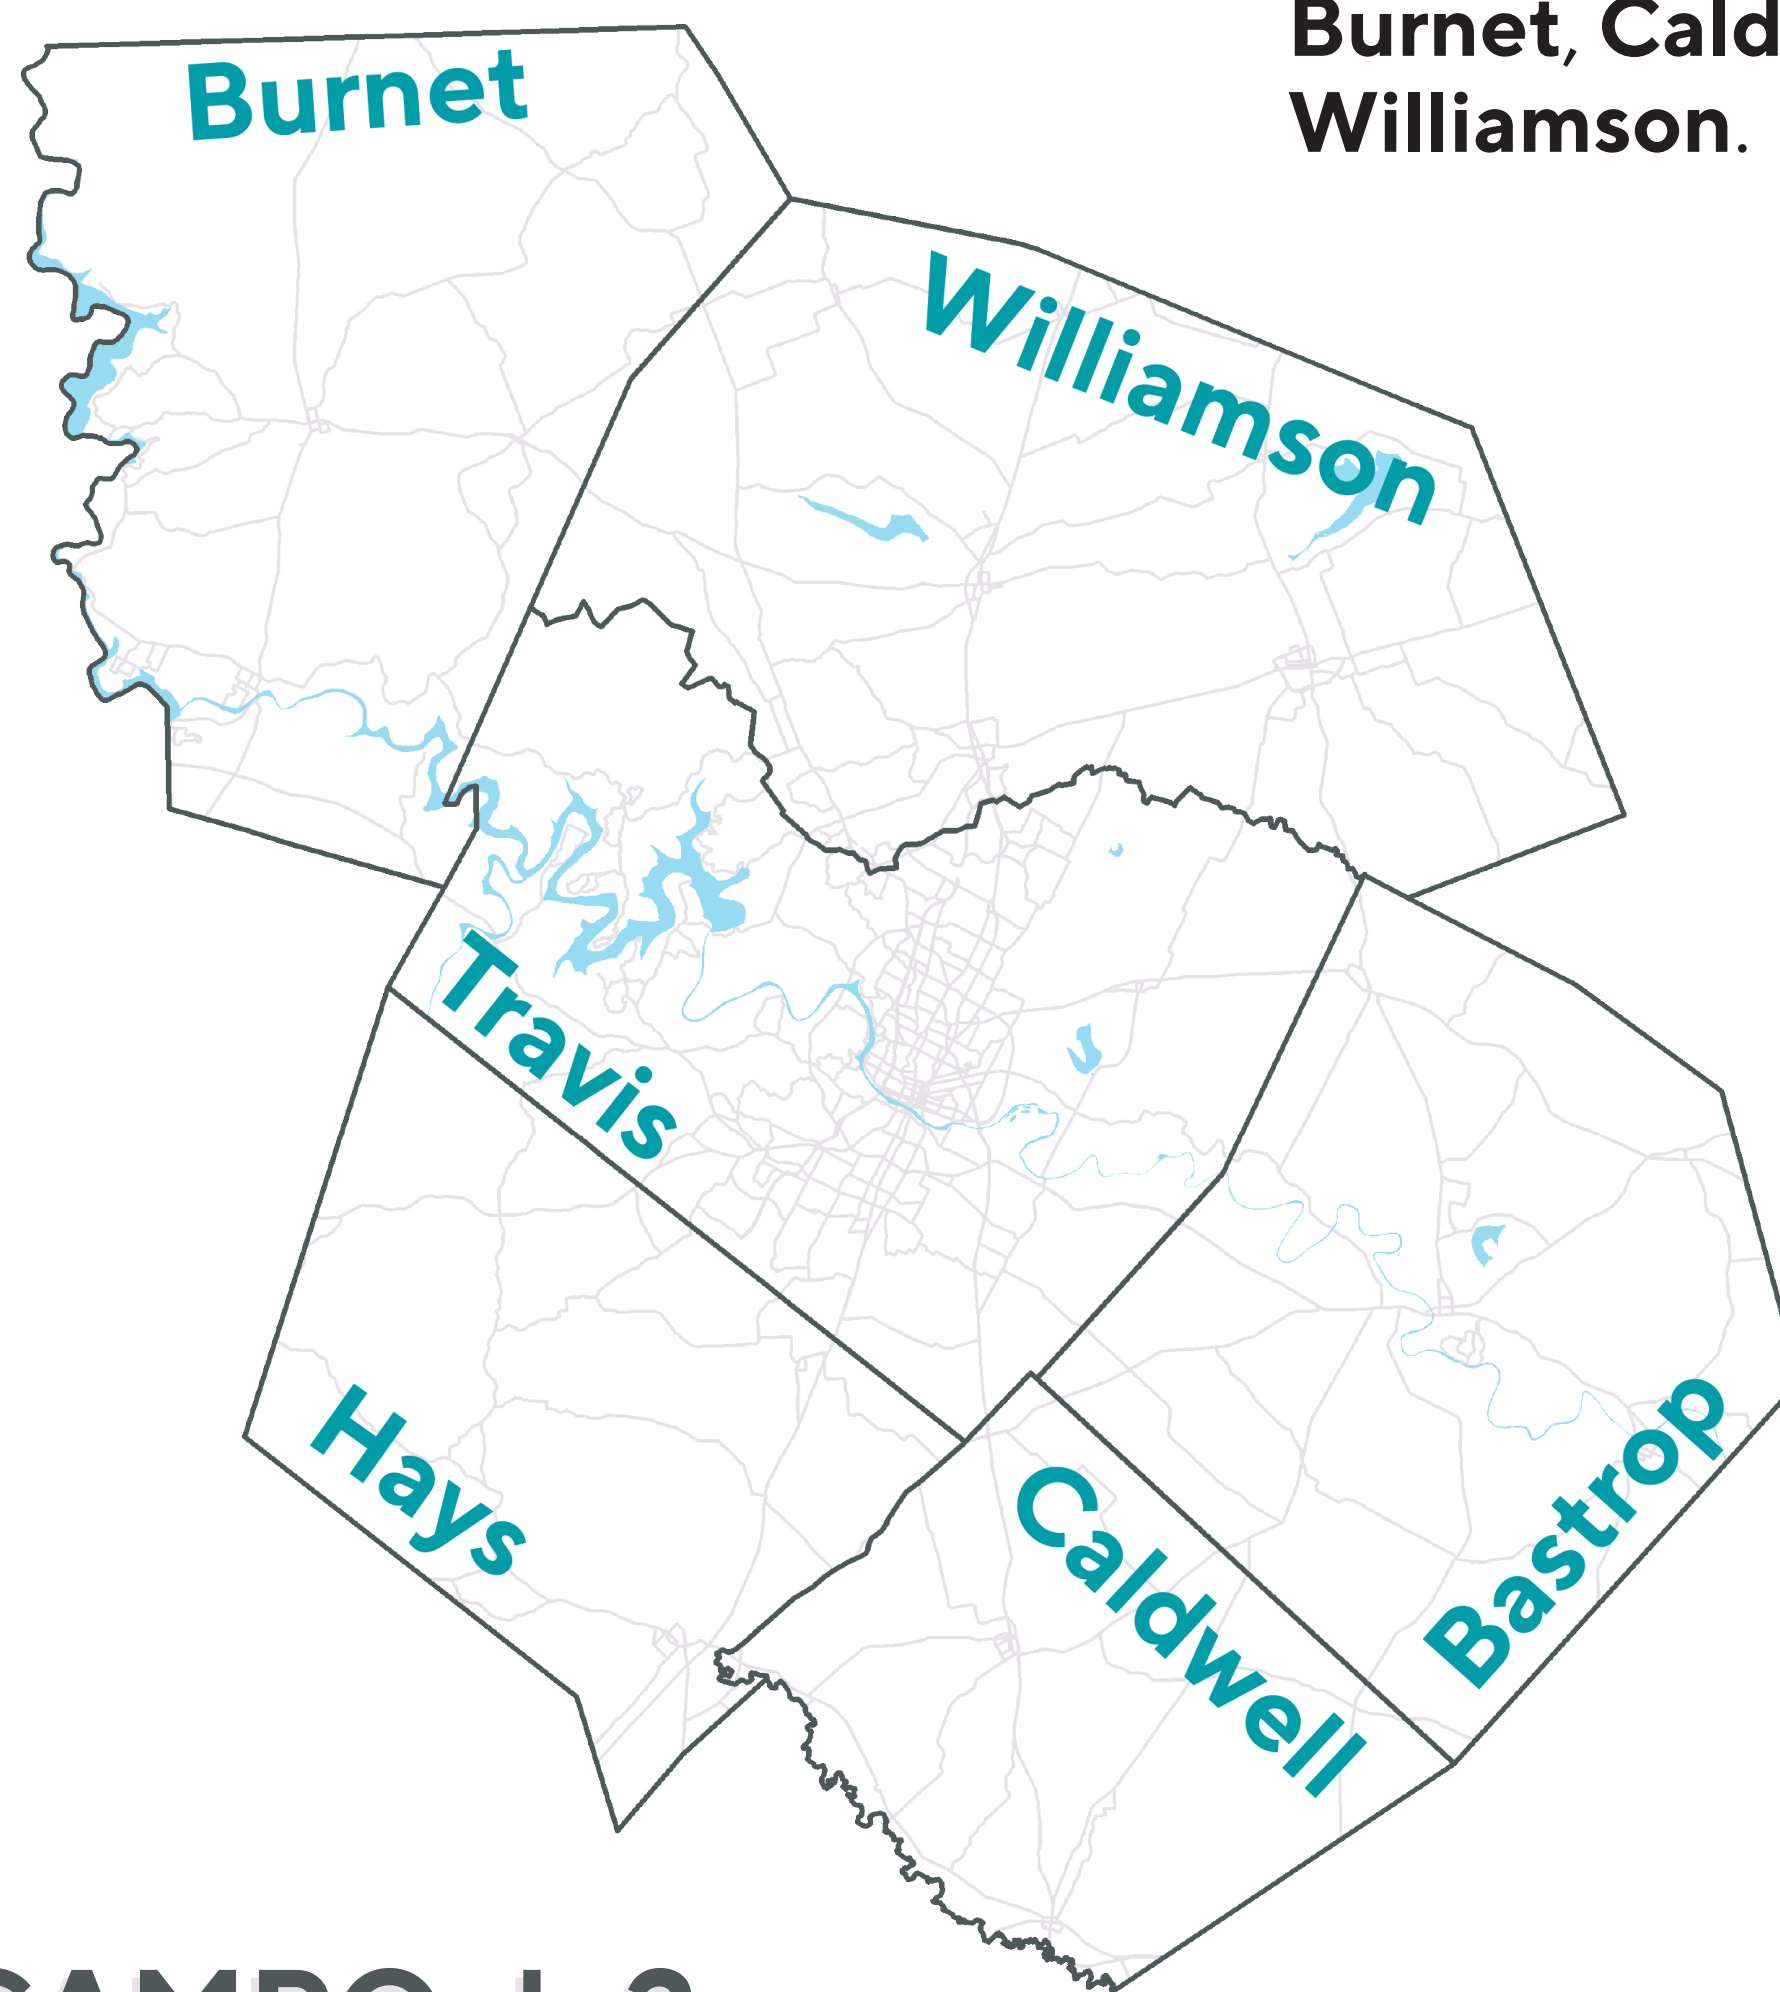

The Capital Area Metropolitan Planning Organization (CAMPO) is **the Austin region's transportation decision-making body, coordinating** regional transportation planning **between counties, local governments and transportation agencies**. The organization is made up of a **22-member Transportation Policy Board (TPB)** that makes decisions on CAMPO policy and allocates federal transportation funds for the region, a **26-member Technical Advisory Committee (TAC)** that provides technical expertise and recommendations to inform the Transportation Policy Board, and the **Executive Director**, who reports to the TPB and oversees the CAMPO staff.

What is an MPO?

MPO stands for metropolitan planning organization, which is a **regional transportation planning entity** designated by the federal government. MPOs were introduced by the Federal-Aid Highway Act of 1962, which requires the **formation of an MPO** for any urbanized area with a **population greater than 50,000**.

Where is CAMPO?

CAMPO conducts regional transportation planning work within six counties: **Bastrop, Burnet, Caldwell, Hays, Travis, and Williamson**.

What does CAMPO do?

CAMPO **closely coordinates with local governments and transportation agencies**, such as TxDOT, Capital Metro and CARTS, in planning for regional transportation improvements. This includes working directly with local governments on technical studies related to transportation and economic development. However, **CAMPO does not construct projects** – that responsibility lies with project sponsors, such as cities, counties, and transportation agencies.

CAMPO is responsible for creating two primary regional planning documents– one **long-range** and one **short-range**:

- > the **Regional Transportation Plan (RTP)** is a 20+ year plan, which is adopted every five years, and;
- > the **Transportation Improvement Program (TIP)**, which is adopted every two years but covers a four-year window.

2025 - 2028 TIP OPEN HOUSE

What is the 2025-2028 TIP?

The 2025-2028 Transportation Improvement Program, or TIP, is a **regional transportation programming document that lists projects** in CAMPO's six-county region **that are funded and approved to begin implementation in the next four years.**

What is the 2045 RTP?

The CAMPO 2045 Plan is the long-range Regional Transportation Plan (RTP) to address transportation needs over the next 25 years in the six-county CAMPO region. This multimodal plan includes a variety of transportation modes including driving, walking, biking, transit, and emerging technologies.

The TIP is adopted every two years. The RTP is adopted every five years. Both documents may be amended twice a year.

What is my role in this process?

The public is encouraged to review information about and leave comments on the draft 2025-2028 TIP and 2045 RTP amendment. Public comments will be accepted by email, mail, and phone until **April 16, 2024.**

A public hearing will be held by CAMPO's Transportation Policy Board **April 15, 2024** at 5330 Bluffstone Ln, Austin, TX 78759. The public is encouraged to provide in-person comments during this public hearing, but can also provide comments at an in-person open house (listed below) or through the online open house.

Transportation Improvement Program (TIP) (All approved amendments to the Transportation Improvement Program are automatically amended in the Regional Transportation Plan per CFR 450.218.)

Regional Transportation Plan (RTP)

This list includes project that are individually listed in the Transportation Improvement Program (TIP) and Regional Transportation Plan (RTP). Individually listed projects are independently reviewed and approved by the Transportation Policy Board, Texas Transportation Commission, and Federal Highway Administration and Federal Transit Administration. In addition to individually listed projects provide here, the TIP contains grouped projects which are projects, or phases of projects, that are not considered to be of appropriate scale for individual identification and approval in a given program year. These projects are allowed to undergo a more streamlined administrative approval process based on the functional nature and scope of the project. These projects are reviewed individually by the MPO to determine eligibility and then grouped and approved together according to function and scope using the 12 grouped project categories approved for use by the Texas Department of Transportation (TxDOT), Federal Highway Administration (FHWA) and Federal Transit Administration (FTA).

2025-2028 TIP
