

Transportation Improvement Program

2025-2028

Revision: November 2025

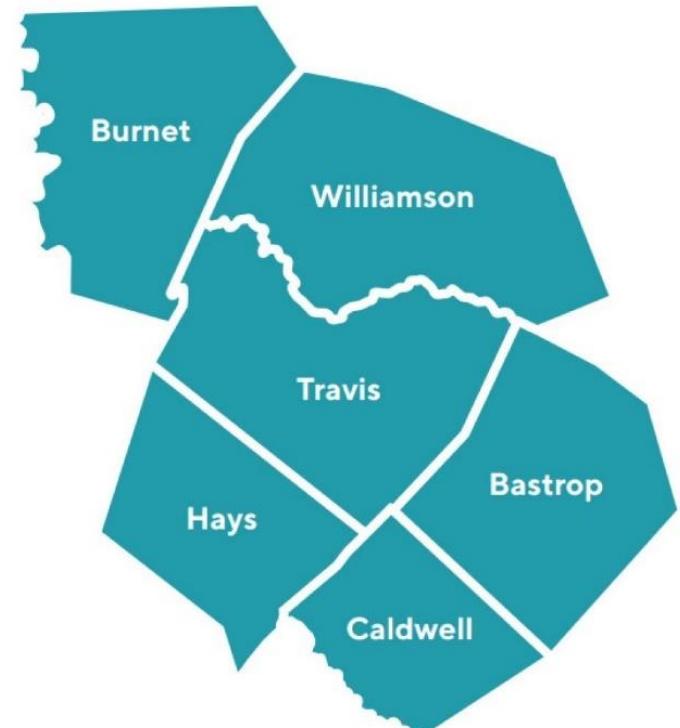

Overview

The Capital Area Metropolitan Planning Organization (CAMPO), established in 1973, serves as the federally designated Metropolitan Planning Organization (MPO) for the six-county capital region in central Texas. CAMPO coordinates regional transportation planning and federal surface transportation funding within Bastrop, Burnet, Caldwell, Hays, Travis, and Williamson counties.

As the agency responsible for ensuring federal transportation funding is allocated to projects that meet regional goals and objectives, CAMPO develops and maintains the Regional Transportation Plan (RTP) and Transportation Improvement Program (TIP). The TIP and RTP are developed regularly in collaboration with federal, state, and local government and transportation agencies, and undergo extensive public outreach prior to adoption or revision.

The RTP outlines the long-term transportation goals, strategies, and objectives for the region and includes a list of regionally significant transportation projects planned within the next 20 years. As projects from the RTP are selected for funding and implementation, they are submitted for inclusion in the TIP, the four-year funding program, to receive funding authorization from CAMPO's governing body, the Transportation Policy Board, as required by federal law. Without approval and inclusion in the TIP, federal funding cannot be obligated to transportation projects.

The TIP is the official administrative record of the Transportation Policy Board's approval of regionally significant transportation projects that are individually listed, as well as the portfolio of smaller-scale projects that qualify for grouping. Projects approved in the TIP include multimodal roadway projects, transit operations, active transportation projects, intelligent transportation systems, and other projects that will improve the region's transportation system. The TIP is subsequently included in the Statewide Transportation Improvement Program which is approved by the Texas Transportation Commission before the projects are individually reviewed and approved by the Federal Highway Administration and Federal Transit Administration.

Highway Project Listings

Highway project listings include projects funded through the Federal Highway Administration (FHWA), Texas Department of Transportation and local sponsors whose projects are required to be individually listed in the Transportation Improvement Program (TIP) and Statewide Transportation Improvement Program (STIP). Project listings represent the required regional authorization for federal funding to be released to the project and sponsor.

Highway Project Financial Summary

The highway project financial summary includes only highway projects listed individually in the Transportation Improvement Program (TIP). This summary does not represent the entire transportation investment portfolio including those eligible for grouping.

* "Cat 3 TDC" is excluded from the total calculation.

* Programmed funding may exceed the authorized amount in a given year, as long as the total programmed funding across the four-year cycle does not surpass the overall authorized funding.

Transit Project Listings

Transit project listings include projects funded through the Federal Transit Administration (FTA). These projects are required to be individually listed in the Transportation Improvement Program (TIP) and Statewide Transportation Improvement Program (STIP). Project listings represent the required regional authorization for federal funding to be released to the project and sponsor.

Grouped Projects

Grouped projects are projects, or phases of projects, that are not considered to be of appropriate scale for individual identification and approval in a given program year. These projects are allowed to undergo a more streamlined administrative approval process based on the functional nature and scope of the project. These projects are reviewed individually by the MPO to determine eligibility and then grouped and approved together according to function and scope using the 12 grouped project categories approved for use by the Texas Department of Transportation (TxDOT), Federal Highway Administration (FHWA) and Federal Transit Administration (FTA).

Grouped Project Categories

CSJ	Group	Definition
5000-00-950	PE-Preliminary Engineering	Preliminary Engineering for any project except added capacity projects in a nonattainment area. Includes activities which do not involve or lead directly to construction, such as planning and research activities; grants for training; engineering to define the elements of a proposed action or alternatives so that social, economic, and environmental effects can be assessed.
5000-00-951	Right of Way Acquisition	Right of Way acquisition for any project except added capacity projects in a nonattainment area. Includes relocation assistance, hardship acquisition and protective buying.
5000-00-952 5000-00-957 5000-00-958	Preventive Maintenance/ Rehabilitation	Projects to include pavement repair to preserve existing pavement so that it may achieve its designed loading. Includes seal coats, overlays, resurfacing, restoration and rehabilitation done with existing ROW. Also includes modernization of a highway by reconstruction, adding shoulders or adding auxiliary lanes (e.g., parking, weaving, turning, climbing, non-added capacity) or drainage improvements associated with rehabilitation. (See Note 3)
5000-00-953	Bridge Replacement/ Rehabilitation	Projects to replace and/or rehabilitate functionally obsolete or structurally deficient bridges.
5000-00-954	Railroad Grade Separations	Projects to construct or replace existing highway-railroad grade crossings and to rehabilitate and/or replace deficient railroad underpasses, resulting in no added capacity
5800-00-950	Safety	Projects to include the construction or replacement/rehabilitation of guard rails, median barriers, crash cushions, pavement markings, skid treatments, medians, lighting improvements, highway signs, curb ramps, railroad/highway crossing warning devices, fencing, intersection improvements (e.g., turn lanes), signalization projects and interchange modifications. Also includes projects funded via the Federal Hazard Elimination Program, Federal Railroad Signal Safety Program, or Access Managements projects, except those that result in added capacity.
5000-00-956	Landscaping	Project consisting of typical right-of-way landscape development, establishment, and aesthetic improvements to include any associated erosion control and environmental mitigation activities.

5800-00-915	ITS Deployment	Highway traffic operation improvement projects including the installation of ramp metering control devices, variable message signs, traffic monitoring equipment and projects in the Federal ITS/IVHS programs.
5000-00-916	Bicycle and Pedestrian	Projects including bicycle and pedestrian lanes, paths and facilities (e.g., sidewalks, shared use paths, side paths, trails, bicycle boulevards, curb extensions, bicycle parking facilities, bikeshare facilities, etc.). Safe Routes to School non-infrastructure related activities (e.g. enforcement, tools, and education programs).
5000-00-917	Safety Rest Areas/Truck Weigh Stations	Construction and improvement of rest areas, and truck weigh stations.
5000-00-918	Transit Improvements and Programs	Projects include the construction and improvement of small passenger shelters and information kiosks. Also includes the construction and improvement of rail storage/maintenance facilities bus transfer facilities where minor amounts of additional land are required and there is not a substantial increase in the number of users. Also includes transit operating assistance, preventative maintenance of transit vehicles and facilities. acquisition of third-party transit services, and transit marketing, and mobility management/coordination. Additionally includes the purchase of new buses and rail cars to replace existing vehicles or for minor expansions of the fleet (See Note 4)
5000-00-919	Recreational Trails Program	Off-Highway Vehicle (OHV), Equestrian, Recreational Water/Paddling Trails and related facilities; Recreational Trails related education and safety programs.
Note 1	Projects eligible for grouping include associated project phases (Preliminary Engineering, Right-Of-Way and Construction).	
Note 2	Projects funded with CMAQ funding require a Federal eligibility determination and are not approved to be grouped.	
Note 3	Passing lanes include "Super 2" lanes consistent with TxDOT's Roadway Design Manual.	
Note 4	In PM10 and PM2.5 nonattainment or maintenance areas, such projects may be grouped only if they are in compliance with control measures in the applicable implementation plan.	
Note 5	Projects funded as part of the Recreational Trails Program (RTP) and Transportation Alternatives-Set Aside (TASA) Program consistent with the grouped project category definitions may be grouped. RTP or TA funded projects that are not consistent with the grouped project category definitions must be individually noted in the Transportation Improvement Program (TIP) and State Transportation Improvement Program (STIP). Road diet projects may not be grouped.	

Local Projects

Projects that have been requested for inclusion in the Transportation Improvement Program but are funded with local sources only are included here. These projects are listed for representative purposes only and are not subject to federal authorization requirements.

MPO ID	CSJ	County	Roadway	Limits (From)	Limits (To)	Description	Sponsor(s)	FY	Total Cost
73-00300-00	0000-00-000	Travis	Broadmoor Station	Gracy Farms Lane	Private Drive	Construction of the new CapMetro Rail Station at Broadmoor	Capital Metro	2024	\$32,000,000
73-00301-00	0000-00-000	Travis	North Ops Bus Yard	N/A	N/A	Construct a solar panel canopy at the North Ops Bus Yard	Capital Metro	2025	\$24,200,000
51-00367-01	1376-02-043	Travis	FM 1325	SL 1 (MoPac)	Bright Verde Way	Mill and overlay, intersection improvements, add storm drains, access management, curb and gutter, and shared use paths.	City of Austin	2026	\$20,520,000
51-00367-02	1376-02-044	Travis	FM 1325	Bright Verde Way	US 183	Mill and overlay, intersection improvements, add storm drains, access management, curb and gutter, and shared use paths.	City of Austin	2026	\$7,269,231
51-00369-01	1186-01-104	Travis	FM 969	US 183	Craigwood Drive	Design and construction of new traffic signals, safety improvements and access management.	City of Austin	2026	\$798,595
51-00366-00	0151-06-148	Travis	SL 111	FM 969	0.189 Miles North of US 183	Reconstruct roadway, add storm drains, raised center median with left turn bays, curb and gutter, and sidewalks.	City of Austin	2027	\$30,513,905
51-00375-00	0113-09-072	Travis	SL 275	170' S of Walmart/Twin Oaks Driveway	Walmart/Twin Oaks Driveway	Add shared-use path, ramps, relocate pedestrian push buttons, and replace signal heads.	City of Austin	2027	\$600,000

Project Development List

Transportation projects that have moved beyond the conceptual stage and are moving through the early stages of the development process are listed here, including those projects undergoing preliminary engineering, design, and the federal environmental review process.

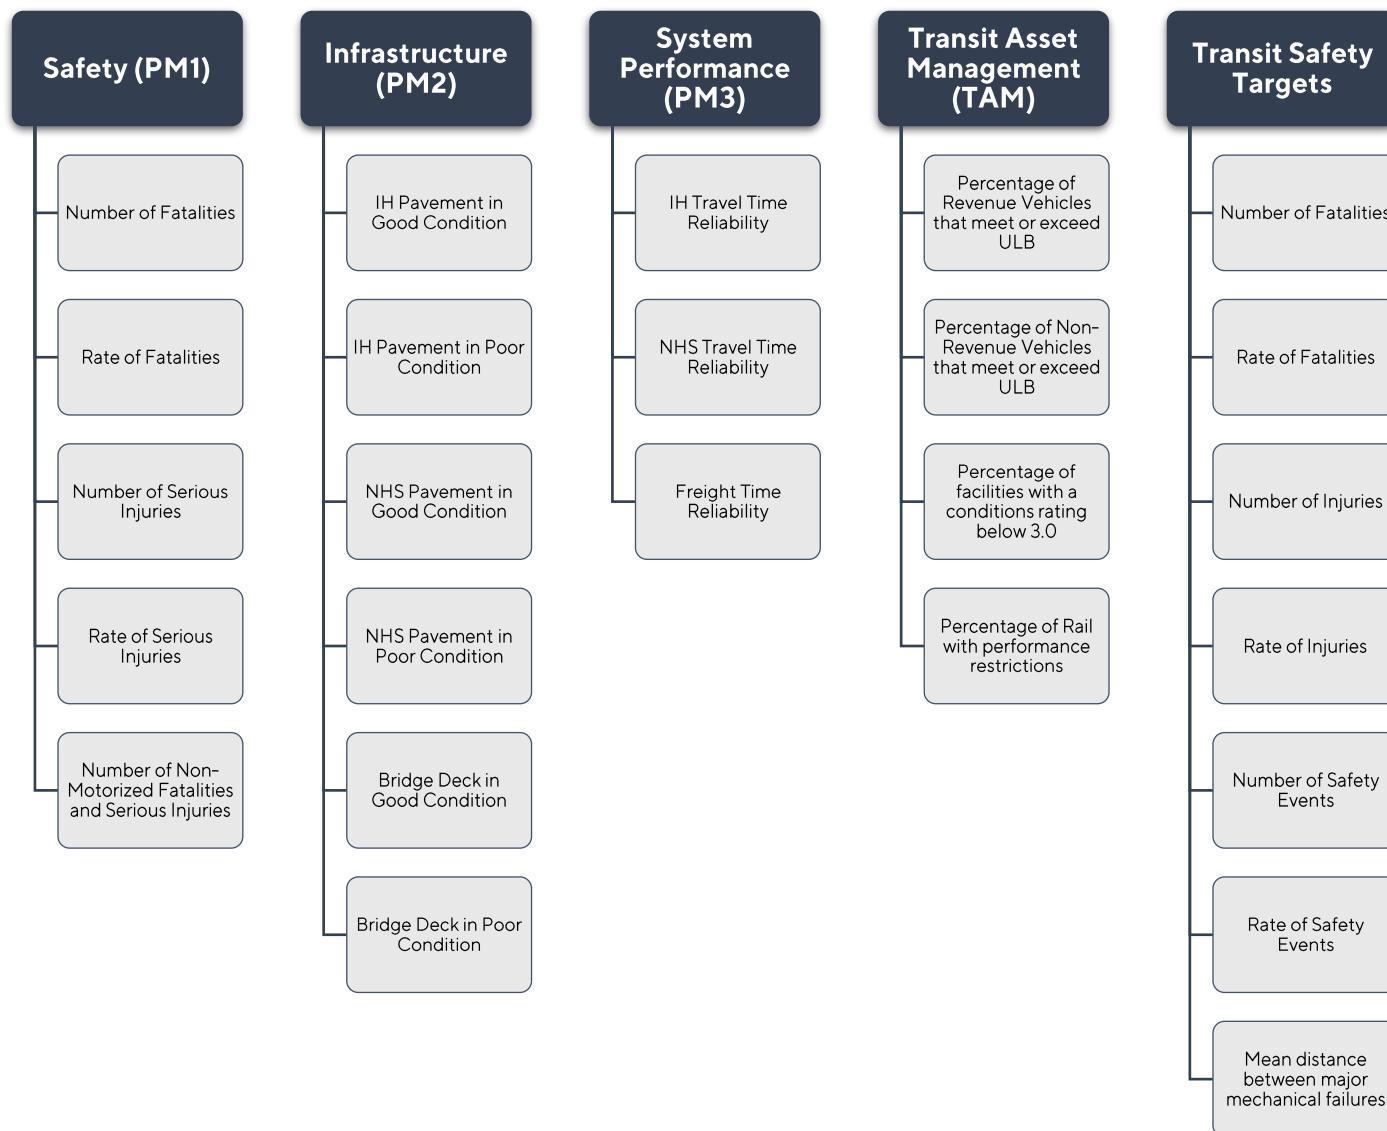

CSJ	County	Roadway	Limits (From)	Limits (To)	Description	Sponsor
1149-02-026	Bastrop	FM 812	Travis County Line	SH 21	Realign and widen existing 2-lane roadway to 4-lane divided roadway	TxDOT
0472-01-040	Bastrop	SH 21	CR 130	Paint Creek Rd	Widen to 4-lane divided	TxDOT
0252-02-058	Burnet	US 281	1.5 MI N of SH 71	2.00 MI S of SH 71	Reconstruct interchange and construct 2-lane frontage roads.	TxDOT
1776-03-012	Caldwell	FM 2001	FM 2720	US 183	Widen from 2-lane undivided to 4-lane divided with shoulders, add cable barrier	TxDOT
0805-02-008	Caldwell	FM 2720	Old Spanish Trail	SH 142	Widen from 2-lane undivided to 4-lane undivided with shoulders, add cable barrier	TxDOT
0914-22-078	Caldwell	FM 2720	AT SH 130		Construct new interchange and make connection from FM 2720 to SH 130	TxDOT

Performance Measures

The use of a performance-based transportation planning process is required by the federal government in the development of the Transportation Improvement Program (TIP) and Regional Transportation Plan (RTP) including the adoption of performance targets in key areas summarized in the table below. On an annual basis, the Transportation Policy Board adopts updated performance measure targets included in the [Performance Measure Report](#), which are then incorporated into the programming and planning processes.

Performance Evaluation

All projects selected for federal funding are evaluated through the specific federal funding program selection process. To complement the individual project evaluation, the development of the 2025–2028 TIP includes an evaluation of the projects at the program level to provide a comprehensive assessment of the anticipated impacts of the projects in the key federal performance measure areas. These impacts are estimates, actual impacts will be determined through continual performance system evaluation.

Administrative Policies

The Transportation Improvement Program (TIP) is the fiscally constrained program of projects that are funded for implementation. The main body of the TIP consists of the individual listings of projects required to be listed per 23 CFR 450 of the Code of Federal Regulations (CFR) and 49 United States Code (USC) Chapter 53. All projects in the TIP must adhere to the outlined policies regardless of funding source or sponsor. Projects must also be consistent with the Regional Transportation Plan, the Congestion Management Process, and any applicable federal and state requirements.

Project Funding Policy

Project sponsors that have received federal funding for transportation projects, programs or studies through the Transportation Policy Board are required to adhere to the following policies:

- Projects are required to demonstrate continuous progress through the project development process. Projects that do not demonstrate continual progress will be considered for funding de-obligation at the discretion of the Transportation Policy Board.
- Sponsors are required to submit a quarterly project progress report and to coordinate any additional developments and project changes to CAMPO. Projects that do not have progress reports submitted regularly will be considered as not demonstrating continual progress.
- If a project selected for funding by the Transportation Policy Board cannot move forward as approved, the sponsor must notify CAMPO as soon as the determination is made. The funding will then be returned to the general reserve for reallocation to another eligible project at the discretion of the Transportation Policy Board.
- Sponsors are responsible for any and all associated project costs as required on projects selected for funding by the Transportation Policy Board including any cost-over runs, direct and indirect costs, local match and any other costs not specified in the original funding decision.
- In addition to these policies, sponsors must also adhere to any state and federal requirements.

General Amendment Policy

The Transportation Improvement Program (TIP) and Regional Transportation Plan (RTP) are amended on a regular basis to ensure the most up-to-date information is approved by the Transportation Policy Board, subject to the process and policies listed below:

- Regular amendment opportunities are held twice a year.
- Requests for out-of-cycle amendments will be considered on a case-by-case basis by the Transportation Policy Board with processing subject to the discretion of the Transportation Policy Board Chair.
- Administrative amendments are processed with processing subject to the discretion of the Executive Director.
- All amendment requests must be submitted using the online application. Requests will be considered at the time of submission and processed according to nature of the request.

Administrative Amendments

The Transportation Policy Board (TPB) has delegated the authority to approve specifically defined amendment requests, known as Administrative Amendments, to the Executive Director. These amendments are non-substantive in nature and do not materially change the individual projects or overall program and are not subject to public involvement or direct approval by the TPB. The Executive Director has the discretion to elevate any proposed administrative amendments to a full amendment. All approved administrative amendments are provided to the public and the TPB for informational purposes.

The following actions are classified as Administrative Amendments:

- Decreases in funding amount
- Increases in non-TPB delegated funding under 50% of the original amount
- Changes in non-federal funding amount
- Changes to project sponsor
- Changes to the Fiscal Year (subject to continual progress review)
- Editorial modifications and corrections
- Requests that do not substantially alter the scope, function, or anticipated impacts
- Actions related to a state or federally designated emergency

Regular Amendments

Amendments to the Transportation Improvement Program that do not qualify as administrative are considered regular amendments that are subject to public involvement as defined in the [Public Participation Plan](#) and must be approved directly by the Transportation Policy Board. Regular amendments are processed during the next regularly scheduled amendment cycles after application submission.

The following actions are classified as regular amendments:

- Significant changes to the project limits
- Significant changes to the project scope
- Adding a new project to the program
- Removing a project from the program
- Increases to funding amounts over 50% of the original amount
- Increase to any amounts for TPB-delegated funding
- Any other changes that do not qualify as an administrative amendment.

Out-of-Cycle Amendments

Any requested non-administrative amendments that require immediate action outside of the regular amendment cycles are considered out-of-cycle amendments. These amendments are subject to the process outlined in the Quick Action Option detailed in the Public Participation Plan and final approval by the Transportation Policy Board.

Amendment Submission

Sponsors may submit a request for an amendment at any time using the online application. These requests will be processed according to the amendment policies outlined above either through the next regular amendment cycle, administratively, or as an out-of-cycle amendment. The nature of the request will be determined upon review of the submission and additional coordination with the project sponsors as needed. The online applications are available below:

MPO Self Certification

MPO Self-Certification

In accordance with the 23 Code of Federal Regulations (CFR) 450.336, the Texas Department of Transportation and the Capital Area Metropolitan Planning Organization hereby certify that the metropolitan transportation planning process is being carried out in accordance with all applicable requirements including:

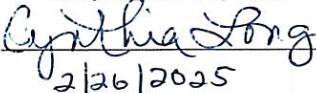

- (1) 23 U.S.C. 134, 49 U.S.C. 5303, and 23 CFR 450 subpart C;
- (2) In nonattainment and maintenance areas, sections 174 and 176(c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506(c) and (d)) and 40 CFR part 93;
- (3) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21;
- (4) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
- (5) Section 1101(b) of the FAST Act (Pub. L. 114-357) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in DOT funded projects;
- (6) 23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
- (7) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and (49 CFR parts 27, 37, and 38);
- (8) The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
- (9) Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
- (10) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities

Mr. Tucker Ferguson, P.E.
Austin District Engineer
Texas Department of Transportation
